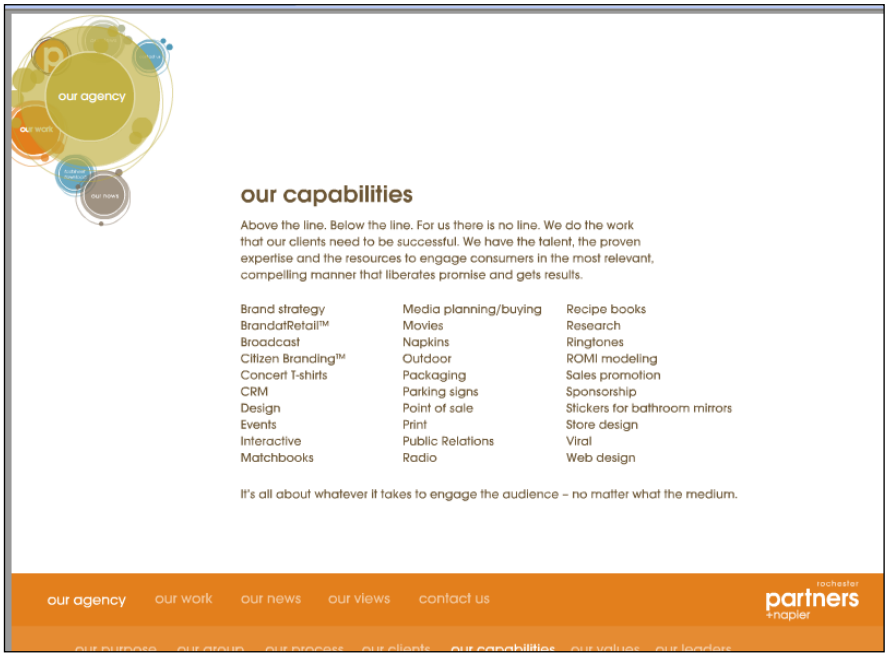
Internship Opportunity

** New **
posted 9/08

HTML, Flash, Animation, 3-D Modeling



partners + napier does a ton of web and print work. They use InDesign, Photoshop, and Illustrator to create their print work. Their interns work on real client projects working alongside a partners + napier employee. They use many interns – in the summer of 2008 they had 17 interns. Partners + napier is an ad agency and employs approximately 100 people.

A second internship opportunity at partners + napier is hardware, networking, operating systems, and other computer support activities.

For more information about this opportunity contact:
Barry Strauber, Vice President, Creative Services
